

# BREWERS ASSOCIATION OF MARYLAND

# 2017

The Brewers Association of Maryland (BAM), founded in 1996, is the non-profit trade association of Maryland brewing companies. The mission of BAM is to promote and protect Maryland Beer.

BAM currently produces two annual large-scale events; in Spring, The Maryland Craft Beer Festival on Carroll Creek in Downtown Frederick, and in Autumn, The Maryland Brewers' Harvest in the heart of the City of Baltimore. Both of these events directly fund the mission of the BAM.

In 2015, BAM's membership joined together to support the hiring of a full-time executive director through the management of Grow & Fortify.

Together, we will grow awareness of Maryland beer through new events and promotions, and continue the evolution of state law to benefit the industry.

**MEMBERSHIP.** Members of BAM benefit from the organization's government affairs efforts in Annapolis and counties, marketing programs and more, including:

- invitation to participate in its festivals and events;
- invitation to educational seminars;
- use of BAM logo;
- regulatory support;
- listings and promo on BAM print and interactive properties;
